TIME TO GET AQUATIC CENTRE FUNDRAISING MOVING

The Kapiti Coast Chamber of Commerce supports and applauds the example being set by Thrive Chiropractic and Harry Phelps Chiropractor to raise funds for the Aquatic Centre.

“Many businesses and business people have already given money, but Dr Iain Guest is right – it’s time that the Kapiti business community got more behind the Aquatic Centre” says Chamber Chairman Mark Ternent. “And it’s not just about money, it’s also about energy – the Chamber’s challenge to the business community is to put their energy and enthusiasm behind this, come up with some innovative ideas like the Chiropractors have, and help get the Aquatic Centre fundraising moving again”.
